

# New Hope Priorities for 2018

## Strategic Insights:

*There was a strong sense of being called deeper and further in than we have been before, abiding in him (John 15:4), walking on the water with Jesus and finding a greater catch of fish (Matt 14:29, Luke 5:4). As we do this we will encounter more spiritual attack, but we need to trust God in the midst of that. As we do that we will also find more blessing and more freedom 'the sun is rising, we cannot see it all yet, but it will only increase – it cannot go back down – and its rays are reaching further and further as it rises.'*

***God is our refuge and shelter, a very present help in times of trouble... nations are in uproar, kingdoms fall, he lifts his voice, the earth melts. He says 'Be still and know that I am God'. Psalm 46:1, 6, 10***
